

IMPACT ADAPTER

The non-sparking impact socket adapters from EGA Master are very useful, allowing the use of impact sockets in different sizes.

2. High performance thanks to its ball bearing, which ensures a secure grip on the socket, making it suitable for use with impact wrenches.

3. With a hardness of 311-408 Brinell (Cu-Be) and 241-311 Brinell (Al-Bron).

4. EGA Master offers a wide range of non-sparking impact sockets as well as Atex impact wrenches, making them the ideal tools for maintenance, construction, and repair operations in explosive atmospheres.

IMPACT ADAPTER
